

Catholic Gift Annuity

This initiative will provide your fundraisers the ability to offer charitable gift annuities to donors with no risks to the diocese.

As shown in figure 1, a charitable gift annuity is an irrevocable gift that provides a life time of stable payments as well as potential tax benefits. Your donor will be able to indicate the Diocese, Parish or School they wish the remaining balance to benefit upon termination of the contract.

Here is how it works

(Figure 1)

| Donor Example, Elizabeth Age 78 | |
|---|-------------|
| Cash Donated | \$10,000.00 |
| Annuity Rate* | 6.5% |
| Annual Annuity Payment | \$ 650.00 |
| Tax-Free thru expected life of 10.4 years | \$ 459.95 |
| Taxable Portion | \$ 180.05 |
| Charitable Deduction | \$ 5,111.90 |
| Market Value at contract termination* | \$ 5,000.00 |
| Benefit to the Diocese | |
| Anticipated remaining balance at contract termination | \$ 4,500.00 |
| * Based on ACGA mortality assumptions | |

(Figure 2)

We provide standard marketing material and all paperwork required for establishing the gift annuity along with distributing payments, providing annual 1099R forms and terminating the annuity upon donor's death. At termination, 90% of the remaining balance is sent to your diocese to be used as directed by the donor. Figure 2 provides example of how this benefits the donor and the diocese.

Catholic Extension has been issuing charitable gift annuities since 1912 and currently administers over 4000 contracts. With our experience and the administration in place we are in a unique position to assist you in meeting your donor's wishes.
